

Dear Dr. Pechter,

I want to thank you for making one of my biggest dreams come true, literally. You have enhanced my body resulting in a new look, bringing an increased confidence with myself. I admire your perfectionism, as well as your personable mannerisms. Both you and your staff have made me feel very comfortable, and have constantly provided support throughout this entire procedure. I find each visit to your office a pleasure, and look forward to returning each time.

Dr. Pechter, you have demonstrated to me your care and compassion for my well being, and constantly provided me positive feedback with each consultation. I feel very privileged to have discovered such a skilled surgical team that jointly strives towards a common goal. After exhaustive and thorough research, I narrowed my search to the doctor that I felt the most comfortable and confident with, personally and professionally, which decisively lead me back to you. You gave me the hope I was searching for, when other doctors turned me away.

You are an excellent surgeon Dr. Pechter, and I feel very fortunate to have found such a caring and trusting doctor such as yourself, to confide and have faith in.

You are truly gifted in this profession and I can't express in words my gratitude for your patience, vision, and determination to make this dream a reality.

I appreciate all of your time, commitment, and excellence in your work. You have made me feel beautiful inside and out, and I owe this new happiness to you!

Thank you Dr. Pechter for making me beautiful & confident again

Sincerely,

A handwritten signature in cursive script that reads "Darlene". The letter "D" is large and loops around the first part of the name.
